CCCF/CCCS
Critical Care Fellows' Day 2022
November 22, 2022

Leading Science. Leading Practice.

Agenda

9:30 – 10:00 *Registration/Reception/Morning Coffee*

Session 1 Advances in Respiratory Failure

Moderators: M. Sklar and K. Bosma

10:00 – 10:15	*Lung Injury: Self-Inflicted or Iatrogenicity?*	L. Brochard (Canada)
10:20 – 10:35	*How to 'Non-Invasively' Wean from MV?*	L. Del Sorbo (Canada)
10:40 – 10:55	*Can Electrical Impedance Tomography Predict Best PEEP?*	G. Grasseli (Italy)

Session 2 Neurocritical Care

Moderators: A. Goffi and N. McKinnon

11:00 – 11:15	*Multimodal Monitoring: Not Just Multiple Monitors!*	V. McCredie (Canada)
11:20 – 11:35	*Measuring Intracranial Pressure: Usual and Alternative Ways*	G. Citerio (Italy)
11:40 – 11:55	*Continuous EEG in the ICU: What Do I Need to Know?*	J. Kromm (Canada)

12:00 – 13:00 Lunch

Session 3 Precision Medicine

Moderators: J. Tsang and W. Lee

13:00 – 13:15	*Precision Medicine When Choosing Non-Invasive Respiratory Support*	L. Munshi (Canada)
13:20 – 13:35	*Can Biomarkers Risk Stratify Patients with ARDS?*	A. Leligdowicz (Canada)
13:40 – 13:55	*Phenotyping in Sepsis, and the Potential of Immunomodulation*	M. Shankar-Hari (UK)

Session 4 Critical Care Physiology

Moderators: L. Brochard and B. Mema

14:00 – 14:15	*Venous Return – the Basics*	A. Vieillard-Baron (France)
14:20 – 14:35	*Occlusion Pressure and Respiratory Effort*	I. Telias (Canada)
14:40 – 14:55	*Determining Optimal Blood Pressure Post-Cardiac Arrest*	M. Sekhon (Canada)

15:00 – 15:30 Coffee Break

Session 5 Adapting to Change and the Impact on our Patients…

***Moderators:* C. Lee and M. Hamilton**

15:30 – 15:50	*When the Doctor Becomes the Caregiver: What we can Learn from the Other Side*	M. Herridge (Canada)
15:55 – 16:15	*Bringing Humanism Back to the Bedside*	S. Dev (Canada)
16:15 – 16:30	Discussion and Wrap Up of Day
