### A Capital Adventure

**Abu Dhabi** is the capital of the UAE and consists of 80% of the total land area of the UAE. Many of its striking examples of modern architecture show intriguing interpretations of Islamic themes captured in today's materials. Shimmering skyscrapers, villas and palaces line our route along the Riviera – style Corniche with its blue Gulf waters and enticing offshore islands.

## Heritage Village Abu Dhabi

Visit the Heritage village to experience the traditional aspects of the desert way of life, and immerse yourself in the time capsule that brings to life a souk, a mosque and an encampment from pre-modernized Abu Dhabi. You can shop, explore artifacts and watch artisans making pottery, blowing glass and weaving fabric on a loom.

Run by the Emirates Heritage Club, this reconstruction of a traditional oasis village provides an interesting glimpse into the emirate's past and features public workshops where craftsmen demonstrate traditional skills such as metal work, pottery, weaving and spinning. The craftsmen share their skills with visitors, and occasionally offer them a chance to try them out. The little spice shop within the village offers a range of dried herbs, handmade soaps and plenty of souvenirs to collect.

The main prayer hall is dominated by one of the world's largest chandeliers – 10 metres in diameter, 15 metres in height and weighing twelve tonnes. The mosque's first ceremony was the funeral of its namesake, Sheikh Zayed, who is buried at the site. Reflective pools surround the mosque, amplifying its beauty. The striking white and gold colours shining in the sun are transformed at night by a unique lighting system which reflects the phases of the moon.
