WHAT WE DO

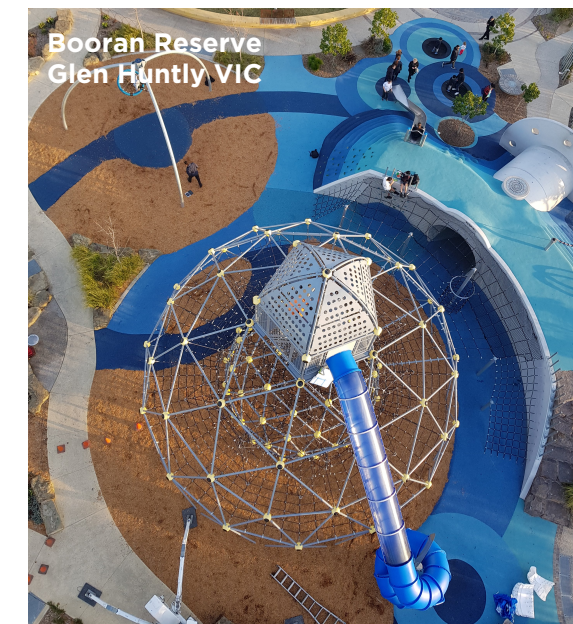

We import, distribute, supply and install a wide range of high quality recreational equipment for both outdoor and indoor purposes.

Designed in accordance with European and Australian safety standards, our products are hard wearing, long lasting, fun and safe.

Our aims

To build long term relationships with our customers. We pride ourselves on providing timely play and exercise space design services, client focused business practices and best-in-class after sales customer service.

To encourage people of all age groups to embrace the outdoors, to use their imagination, challenge themselves and above all, have fun!

OUR PRODUCT

Our product ranges are developed to suit all abilities and are catered to a wide age group ranging from toddlers to seniors.

Designed in collaboration with experts

Collaborating with professionals as well as users ensures a more authentic and full-filling experience.

Some examples include:

- **Play:** up to 50 years of in-house expertise in design and manufacture
- **Parkour:** designed with European Parkour Associations
- **Fitness:** designed with CrossFit™ World Champion and a children's CrossFit™ instructor
- **Street Workout:** designed with the Finnish Street Workout Association
- **Seniors Equipment:** designed by physiotherapists
- **Street Unit:** designed by an ex-professional skateboarder
- **Fono DJ Station:** designed with professional European DJs

HOW WE CAN HELP YOU

Products customised to your exacting needs

We offer the freedom to tailor an existing product to your specific requirement or develop an entirely new and unique solution.

Custom projects could be:

- Creation of a tall play tower made out of timber or perhaps stainless steel or a combination of the two materials
- A central play structure for an outdoor public park, shopping centre, school or housing development
- A custom parkour circuit
- A skate park for a very narrow space
- A seniors exercise station for a specific demographic

Memory Park
Mosman NSW

OUR RANGE

Multi-generational Equipment

We want to invite people of all ages to step outside to play, move and spend time together. Therefore, we offer a variety of interactive activities in the realm of play, exercise and sports.

Design features that deliver multi-generational engagement include:

- Slide widths that cater for adults
- Interactive sports
- Skate parks
- Seniors exercise equipment that double as playground equipment
- Swing seats that allow adults to join in the activity with children
- Balancing equipment for adults and children
- Parkour/freerunning circuits

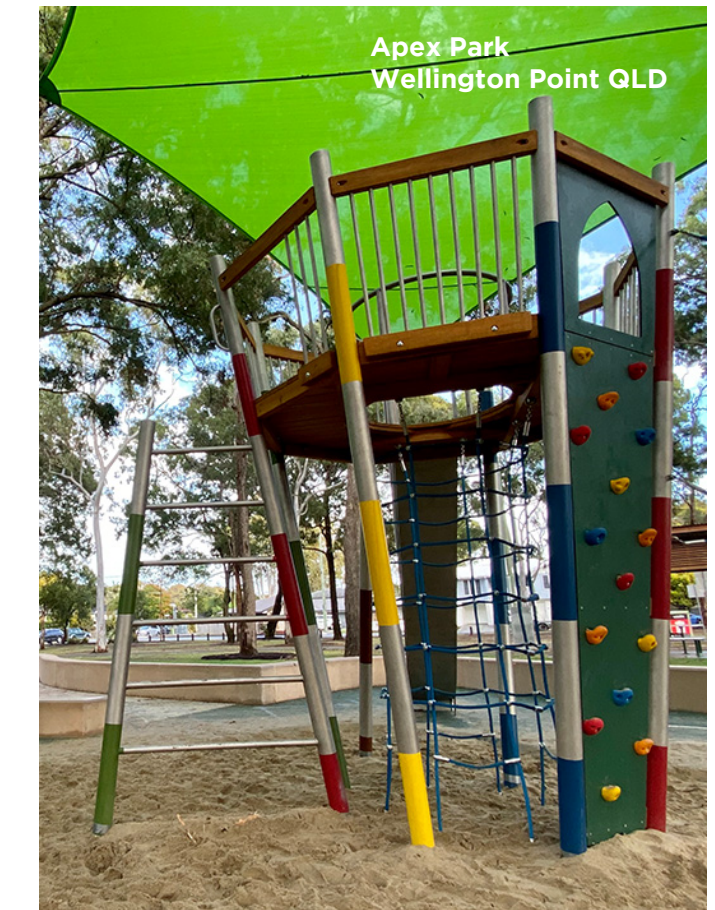

SUTU Interactive
Soccer Wall
by YALP

Children's Play

We offer a unique variety of both standard and customisable playground solutions for children of all ages.

We understand the need to motivate and encourage children to venture outdoors and participate in shared physical and social activity.

Apex Park
Wellington Point QLD

Youth Activities

We offer a vast range of unique and engaging equipment catering for the youth sector.

We provide engaging and challenging physical activities that are expertly designed to be enjoyed by a large number of users with various skill and fitness levels.

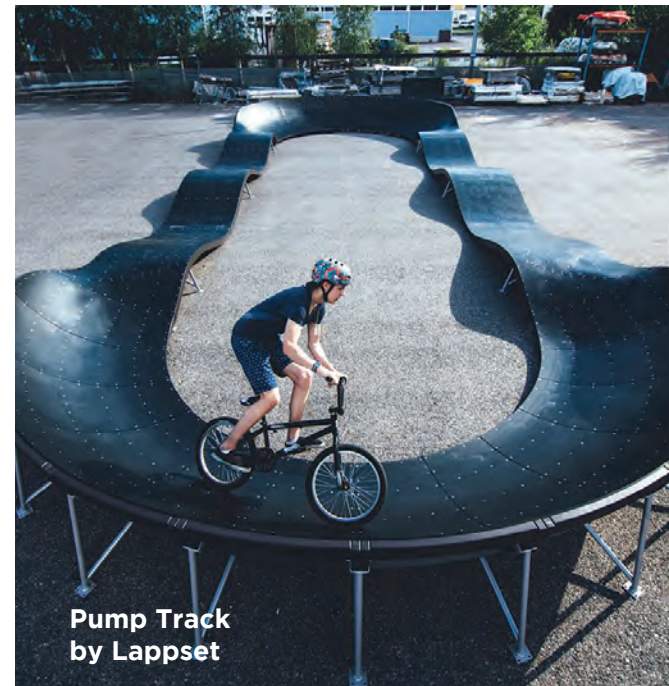

Options available but not limited to, include:

- Relocatable steel skateboarding environments
- Pump Tracks
- Fono DJ Booth
- Sutu Interactive Sports Wall
- Parkour circuits
- Mini soccer arenas
- Street workout/calisthenics equipment
- Rock climbing/bouldering equipment

Modularity

Our Street Unit and Pump Track products are designed with modularity in mind. This makes them perfect for short term activation of spaces or pop-up parks.

You have the flexibility to move these products to different locations or alter the configurations.

Central Park Seniors Exercise Park
Hoppers Crossing VIC

Adult Exercise

We offer safe and challenging exercise alternatives for all ages and fitness levels.

Our equipment allows individuals to simply and safely tailor their workout intensity by varying their pace and repetitions so that beginners to advanced users can work out effectively.

Our dynamic equipment follows the European standards for permanently installed outdoor fitness equipment (EN16630:2015).

Expertly designed

Our Fitness range – based on a CrossFit style workout, and our Street Workout range – based on a body control and strength workout; provide users with challenges that are rarely seen outdoors.

Examples include:

- Outdoor gym
- Bodyweight training
- CrossFit training
- Street Workout/calisthenics

Seniors Exercise

We are passionate about creating spaces that encourage movement for life.

Our seniors equipment inspires active ageing and physical independence by strengthening motor skills, balance and manual dexterity. It is perfect for retirement villages, aged care facilities or in hospitals for rehabilitation. Our Classic range multi-generational equipment is great for public spaces.

Options available:

- Multi-generational equipment allowing grandparents and grandchildren to play and exercise together
- Senior-specific exercise circuits
- Senior/rehabilitation individual equipment

Interactives

Some young people need that extra motivation to encourage them to play and be active in the outdoor environment.

Yalp Interactive products are cleverly designed to encourage social interaction, fun and learning as well as a new way to play.

Dancing, math quizzes, improving kicking accuracy or learning how to spin tracks like a DJ – there is a piece of equipment to suit everyone.

Options Available:

- Sutu – improve ball skills and coordination
- Sona – interactive dance and play arch
- Fono – outdoor DJ booth
- Memo – playful learning with educational games
- Toro – practice training and athletic skills on the interactive sports court

OUR PARTNERS

Lark Industries have partnered with some of the most experienced European designers and manufacturers; combining over 70 years of experience in the field of public outdoor play and exercise spaces.

This ensures that we can provide your clients with the latest in exciting, engaging and innovative pieces of outdoor equipment for your projects.

Sustainability

We have ensured our partners reflect our vision for a cleaner environment; using solar power, environmentally friendly technologies, certified materials and recycling waste to power factories. We strive to learn and build on our current sustainability practices.

Lark Industries are proud to be the exclusive suppliers of the following leading European brands:
