# HOW TO USE ?

## HEAD LICE TREATMENT

1. Wash hair with a shampoo without conditioner. ( may decrease the activity of Permethrin Lotion 1%. Rinse with water)

2. Towel dry hair so it is damp but not wet

3. Shake the bottle of Permethrin Lotion 1% well

4. Saturate the hair and scalp with Permethrin Lotion 1%.

5. Begin to apply Permethrin Lotion 1% behind the ears and at the back of the neck.

6. Leave Permethrin Lotion 1% on the hair for 10 minutes, but no longer

7. Rinse with warm water

8. Towel dry hair and comb out tangles

### Be aware !

1. Keep Permethrin Lotion 1% out of the eyes. Protect the eyes with a washcloth or towel.
2. If live lice are seen seven days or more after the first treatment, a second treatment should be given.
