Olioseptil Bronchus

3 ACTIONS:

RELIEVE - CLEAR - DECONGEST

Synergised complex of 7 microemulsioned, 100% pure and natural, botanically and biochemically defined essential oils

EUCALYPTUS (*Eucalyptus radiata*) leaves

Helps to **DECONGEST** the respiratory tract. Proven **ANTIBACTERIAL**, antimicrobial and **ANTIVIRAL** properties⁽¹⁾.

RAVINTSARA (*Cinnamomum camphora*) leaves

RELIEVES irritations of the pharynx and larynx (voice box) and **DECONGEST** the upper respiratory tract.

CINNAMON (*Cinnamomum zeylanicum*) bark

ANTIBACTERIAL properties, considered to be a good alternative to antibiotics⁽²⁾.

MYRTLE (*Myrtus communis*) boughs

Used in the treatment of respiratory infections⁽³⁾.
Helps to **DECONGEST** the airways.

MARJORAM (*Origanum majorana*) flowering heads

ANTIBACTERIAL action, particularly on certain bacteria that have become resistant⁽⁴⁾.

THYME (*Thymus vulgaris*) flowering heads

RELIEVES respiratory tract infections, muscle spasms and coughing.
Acts as an expectorant⁽⁵⁾

SCOTS PINE (*Pinus sylvestris*) thorn

RELIEVES bronchial infections and the symptoms of head colds.
Helps to **DECONGEST** the airways and soothes associated coughs.
