Flight 93 Memorial What Participants Are Saying: *"Timeless in simplicity and beauty, like its landscape, both stark and serene, the Memorial should be quiet in reverence, yet powerful in form, a place both solemn and uplifting. It should instill pride and humility. The Memorial should offer an intimate experience, yet be heroic in scale. Its strong framework should be open to natural change and allow freedom of personal interpretation. We want to restore life here, heal the land, and nourish our souls. In this place, a scrap yard will become a gateway and a strip mine will grow into a flowering meadow. But more than restoring health, the Memorial should be radiant, In loving memory of the passengers and crew who gave their lives on Flight 93.."*

Join us for an unforgettable experience that all should see to remember the events of September 11, 2001. All Ages are welcome. Pre-registration required, seating is limited.
