

2023 PSBA ANNUAL CONVENTION SUNDAY TRIP

Penn State All Sports Museum

Beaver Stadium Tour

Network with Peers

Take a tour through the two story indoor/outdoor Penn State University All-Sports Museum that covers history and galleries on all 31 current and discontinued sports. Once the museum tour has concluded, we have been invited to experience the Special Exhibit that will only be available for two more years! This exhibit will highlight and memorialize all of the PSU Athletes who served in World War II, leading us into a high-level view of Beaver Stadium. Next, take a guided tour through Beaver Stadium, press media room, player locker room, teams' trail/tunnel path, onto the AstroTurf in front of the field, back up through the Mt. Nittany Club for a view of the entire field.
