Welcome from Conference Committee

On behalf of ALAANZ we would like to welcome you to the 39th annual conference "Aviation: Technology, Business & Law – Global Perspectives".

Queensland last hosted the annual conference in 2015.

The theme of that conference was "Tracking North – Clear Horizons".

Over the past five years the Association's journey has continued; however, we continue to find ourselves no closer to arriving at the destination of a calm and settled aviation market, both domestically and globally.

In view of our continuing journey the theme of this year's conference is apt. Rapid technological developments in the areas of remote piloted aircraft systems and aircraft capable of ultra long-haul flights, combined with a continually shrinking global economy and community, and significant movement in the aviation insurance market both domestically here in Australia but also internationally have all combined to change the face of aviation both in Australia and globally.

We are delighted to provide a program that delves into these issues and explores them with the experience and insight of leading experts in their respective fields. The Association continues to go from strength to strength with the national conference continuing to be the key opportunity for the Association's members to come together to share their knowledge.

This year we are delighted to hold the conference at the Emporium Hotel in South Bank, Brisbane, allowing delegates the chance to take in the fantastic views and network at some (or all!) of Brisbane's best bars and restaurants located close by to this amazing venue.

We look forward to welcoming you to the conference in person.
