ODAC 2025

ODAC Dermatology Invites You to Our 22nd Annual Meeting

ODAC is the premier conference focusing on medical dermatology with a blend of timely aesthetic and surgical content designated to meet the needs of today's dermatologist.

Founded by Dr. Perry Robins in 2003, ODAC Dermatology focuses on increasing the knowledge and skill of both novice and experienced dermatologists, educators, residents and department chairs. ODAC has a rich history of investing in the future of dermatology. In addition to educating experienced dermatologists in the field, ODAC annually hosts the Advanced Resident Training and Education (ARTE) scholarship program, attracting the best and brightest up-and-coming physicians from across the country. ODAC's alignment with the *Journal of Drugs in Dermatology* (JDD), our official journal, further cements this commitment to educational excellence.

ODAC has a strong commitment to aligning with your overall dermatology marketing and educational objectives to deliver access to dermatology practitioners and young physicians on the brink of brand loyalty, decision making and practice development.

The event delivers a unique educational program and boasts state-of-the-art technology through live streaming video for special presentations, real-time surveys, feedback forums, graphical data and live Q&A. This information is compiled and used to help organizers and sponsors understand the needs of dermatologists and residents.
