

# **TAYLOR KOHRS**

*Successful Construction Experiences*

Longmont Fire Station #2

## **Small Business Personality. Large Company Capabilities.**

When you work with Taylor Kohrs, you will have a dedicated service team that works exclusively with you from preconstruction through construction. This means that the people who sit down with you to create a budget and final estimate of the work will be with your project through the punchlist and turnover of the finished space.

The Taylor Kohrs approach is to provide personalized service from a team who has the knowledge and experience to handle any size job. From site development, parks, new construction, remodels, adaptive re-use and tenant build outs to design-build projects we take the time to understand your needs and have the manpower and skills to back it up.
