This historical structure is a resonant tabernacle and energy machine sited on a powerful geomagnetic vortex in the magical Mojave Desert. The Integratron's Signature Experience is "kindergarten naptime for grown-ups in a sound sphere." This is an unforgettable sound experience for those who seek deep relaxation, rejuvenation, and introspection. All Sound Baths are 60-minute sonic healing sessions that consist of 25 minutes of crystal bowls played live and the balance of the hour to integrate the sound and relax in the sound chamber to recorded music. You will be resting comfortably in the deeply resonant, multi-wave sound chamber while a sequence of quartz crystal singing bowls is played, each one keyed to the energy centers or chakras of the body, where sound is nutrition for the nervous system. The results are waves of peace, heightened awareness, and relaxation of the mind and body.
