The PURELL® Brand Brings Peace of Mind

PURELL Hand Sanitizer is the #1 brand of hand sanitizer used in hospitals and the brand most known by patients and visitors.¹ Providing PURELL products shows staff that you care about efficacy and the health of their skin. Using it in front of patients is reassuring and signals your high standards for quality care.

Hand Sanitizers

America's #1 brand of instant hand sanitizer. Kills 99.99% of most common germs that may cause illness. Outperforms other hand sanitizers ounce for ounce.²

HEALTHY SOAP® products

Choose antibacterial soaps, non-antibacterial soaps or our breakthrough HEALTHY SOAP® with CLEAN RELEASE® Technology, which removes more dirt and germs than regular soap.³

Surface Spray

Kills 48 microorganisms, 36 in 30 seconds or less. Eliminates 99.9% of common germs including CRE, flu and norovirus. No rinse required on food contact surfaces.

1. 52 Week IRI Data ending April 2018; 2017 HPIS Data; Hall & Partners, September 2017 Brand Survey | 2. Meets HCPHW and shows superiority at Wash 1 & Wash 10 vs. tested competitive products. Showcase Your Commitment to a Clean, Well-Maintained Facility

The same innovative dispensing technology and trusted formulations are available in convenient stands, so you can place America's #1 hand sanitizer brand where guests, customers and patients need it. From the high-design PURELL ES® stand, to a variety of customizable options, you can complement your aesthetics, promote your brand and promote well-being throughout your facility.

Personalize Your Dispensers

Personalize with your message and take credit for providing the best. Personalized soap and hand sanitizer dispensers are highly visible and showcase your commitment to cleanliness, health and well-being. A variety of options are available for personalization, including logos on dispensers, custom header signs or a complete personalization of the MESSENGER Floor Stand.

Visit PURELLSOLUTION.com/personalization or contact your GOJO Representative for information on personalizing your program.

PURELL SMARTLINK™ Technology

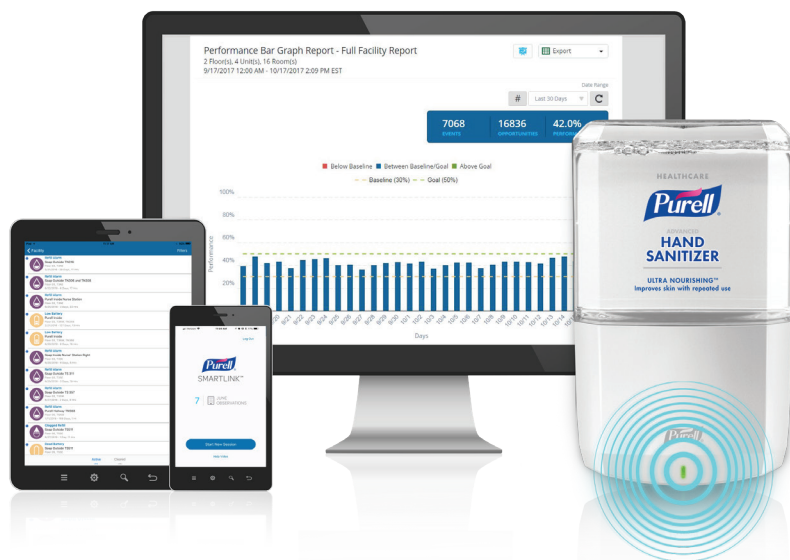

Delivering higher quality care through formulation innovation, advanced monitoring technology and clinical support. The PURELL SOLUTION™ combines the #1 brand of hand sanitizer in hospitals* with advanced technology and clinical support to help improve hand hygiene compliance and help build a culture of safety.

SMARTLINK™

*52 Week IRI Data ending April 2018; 2017 HPIIS Data; Hall & Partners, September 2017 Brand Survey

PURELL SMARTLINK™
Integrated Monitoring System

Flexible Monitoring. Individual Accountability—Reliably monitor hand hygiene performance at a job role or individual level. This wireless, Bluetooth system is easy to deploy and allows you to add nurse call and asset tracking as your needs evolve.

PURELL SMARTLINK™
Activity Monitoring System

Everyone Counts — Electronically collect hand hygiene performance data for staff, patients and visitors to foster a team-oriented approach for monitoring and measuring hand hygiene.

PURELL SMARTLINK™
Technology Partner Network

Leverage Existing Infrastructure —Strengthen your existing locating capabilities by integrating SMARTLINK Technology with Real-Time Locating Systems or stand-alone hand hygiene monitoring technologies for person-specific hand hygiene monitoring.

PURELL™ Clinician-Based Support

Drive Behavior Change — Supplement your PURELL SMARTLINK monitoring technology with experienced Clinical Specialists who provide unbiased assessments of your hand hygiene program and use their unique skill sets to help develop customized plans to achieve your goals.

PURELL SMARTLINK™
Service Alerts

Simplify Maintenance — Monitor each dispenser in your facility through 24/7 dispenser health, network, refill, and battery alerts and alarms, reducing labor trips and product outages.

PURELL SMARTLINK™
Observation System

Efficiency and Capability — Easily record, interpret, and review hand hygiene data in one convenient electronic direct observation system that easily integrates with other PURELL SMARTLINK Technologies.
