

MAKING THE DIFFERENCE

We understand when you are beginning your donor egg journey, you have a choice between Donor Egg Bank USA or a traditional fresh program. Here are some of the ways Donor Egg Bank USA makes the difference.

MORE CONTROL MEANS LESS STRESS

- Our donor eggs have already been retrieved, so you have immediate access to a diverse donor database.
- Since you don't have to wait for your eggs or donor, you're able to get started when it is convenient for you.
- Your donor has already been screened and cycled, so you don't have to worry about your donor's compliance or any cancellations.

SAVE ON COSTS

When you choose to go through a fresh cycle, you have to cover donor compensation, medical, and travel costs. With us, those expenses are included.

UNRIVALED PERSONALIZED ATTENTION

You'll be supported from day one to delivery by a dedicated case manager who will get to know your story and help you find your ideal donor.

PROTECT YOUR BABY'S FUTURE

All babies born using Donor Egg Bank USA receive free cord blood and tissue processing through CBR. Learn more at cordblood.com.

YOUR MISSION IS OUR MISSION

We know you want nothing more than to be a parent. At Donor Egg Bank USA, we've made it our mission to turn your dream of becoming a parent into a reality.

Since 2012, we have helped bring over 5,500 babies into the world. We combine a dedicated approach to selection and screening with the highest quality eggs to give you the best chance of taking home a baby.

OUR THREE-STEP PROCESS:

- 1 We help you find the perfect donor.
- 2 We help you choose the best financial plan and financing options for your needs.
- 3 We work with your doctor and clinic to guarantee the greatest chance of success.

WORLD'S LARGEST DATABASE

We are the first and largest frozen donor egg bank to ship vitrified frozen eggs between fertility programs.

RIGOROUSLY SCREENED DONORS

Choose your match from a diverse selection of over 350 pre-screened donors who have undergone extensive testing and screening, and whose eggs have already been retrieved and are ready to ship.

THE BEST CHANCE OF SUCCESS

We offer the Assured Refund Plan™, which includes up to six donor egg IVF cycles and gives you the best chance of having a successful delivery.

UP TO **6** CYCLES **1** TIME PAYMENT **100%** REFUND

WE LOOK FORWARD TO BEING A PART OF YOUR JOURNEY

At Donor Egg Bank USA, we believe every person who wants to be a parent deserves to be one. It's that belief which drives us every day.

Choose between a diverse pool of over 350 rigorously screened donors, with one or more blastocyst embryos guaranteed through our plan.

Know that our medical and embryology team is led by world-renowned experts dedicated to ensuring quality at every turn, from egg retrieval to egg storage to shipping. It is our goal to translate innovative science into real patient success.

STEP 3 START YOUR JOURNEY TO PARENTHOOD

After you pick your donor and arrange payment, we'll deliver the egg lot to your fertility clinic.

In the unlikely event that a blastocyst is not available, we will provide a new egg lot and work closely with your doctor and fertility practice to ensure you have the best chance of success.

Now you can stay focused on your treatment and on your goal of having a baby.

SUCCESS STORIES

“We are blessed beyond belief, and we thank our doctors and the wonderful people at Donor Egg Bank USA who held our hand throughout this very emotional process.

- Donor Egg Bank USA Client

“I wish I had gone the frozen donor egg bank route sooner! The process was so easy, the staff so helpful, and the outcome (our daughter) so miraculous!
