

NRB 2021

CHRISTIAN MEDIA CONVENTION

Broadcasting, Recording, and Press Information

We would like to help accommodate your broadcast needs at the NRB convention. If you are planning on recording your radio show or podcast or capturing video in the exhibit hall or in a suite, or if you would like us to help you secure a private recording room, please let us know.

To request permission for Broadcasting and/or Recording from your booth, please email presscenter@nrb.org.

NRB provides a Press Center that includes space for exhibitors to provide press materials to the media. Exhibitors are responsible for delivering and distributing materials in the designated area of the Press Center in an orderly fashion. NRB reserves the right to refuse inappropriate press materials.

We also invite press to attend and cover the NRB convention. We have limited space for one-on-one interviews as well as a press lounge for press to work and file stories.

Exhibitors may also obtain a list of registered press from NRB. The preliminary list will be available via email around mid-February; a second list will be available around early March. Daily updated lists will also be available for pickup during convention (hard copies only) at the Press Center.

Press conferences are held regularly during the convention. One 30-minute time slot for a press conference is available free to Exhibitors, NRB members, NRB leadership, and convention sponsors. NRB will provide publicity for each press conference in our electronic newsletter, *NRB Today*, published every two weeks and make all media aware of pre-scheduled press conferences when they check in for NRB 2021.

For assistance requesting permission to broadcast or record from your booth, to register for convention as Press, to request a media list, or to hold a Press Conference, please contact Kenneth Chan or Elizabeth Bristow, at presscenter@nrb.org.
