Send a Signal of Quality Care with
The PURELL SOLUTION™

The PURELL® Brand Signals Your High Quality Standards for Patient Care

Supporting All You Do to Help People Stay Well

PURELL® products are universally recognized and trusted to provide effective protection from germs.¹ When patients, visitors, and healthcare personnel see the PURELL brand, it reinforces your high standards for patient safety and quality care. The PURELL brand shows you care enough to provide the best, while supporting all you do to help people stay well.

PURELL Brand Brings Peace of Mind

PURELL Hand Sanitizer is the #1 brand of hand sanitizer used in hospitals and the brand most known by patients and visitors.² Providing PURELL products shows staff that you care about efficacy and the health of their skin. Using it in front of patients is reassuring and signals your high standards for quality care.

1.1mL
Proven
Efficacy³

Formulation Matters – PURELL Products Designed for Healthcare

PURELL products use our most advanced science to exceed healthcare demands – hand sanitizers that meet FDA standards with a single dose,³ soap products that are gentle on skin after repeated use, and surface disinfectants that are worry-free and deliver unparalleled performance.

83%

PURELL Products

PURELL Products Are Preferred by Healthcare Workers

Providing well-liked products encourages compliance to hand hygiene standards. A recent study showed that infection control professionals are more likely to recommend PURELL products to colleagues than any other hand hygiene brand.⁴

The PURELL SOLUTION™

The inventors of PURELL hand sanitizer now offer a comprehensive solution with hand soap and surface disinfectant to reduce the number of germs that may cause illness in healthcare settings. This complete set of products eliminates having to choose between meeting efficacy requirements and providing products people feel confident using.

The PURELL SOLUTION™ The Right Products, in All the Right

PURELL® Healthcare HEALTHY SOAP®

PURELL Healthcare HEALTHY SOAP products are available in a variety of gentle and effective formulations. Whether you choose antimicrobial soap, non-antimicrobial soap, or our breakthrough new PURELL Healthcare HEALTHY SOAP with CLEAN RELEASE® Technology, you can always be assured of high performance.

Maintains Skin Health

HEALTHY SOAP products are formulated for frequent use. They help wash away bacteria and soils commonly found in healthcare and nourish skin to support its natural moisture barrier.

Healthy Ingredients

Free of parabens and phthalates.

Mild and Effective

Gentle on skin and designed to work with PURELL hand sanitizers for an effective hand hygiene program.

PURELL® Healthcare Hand Sanitizer

PURELL is the #1 brand of hand sanitizer in hospitals.² It kills 99.99% of most common germs that may cause illness in a healthcare setting.

Proven Effective

Formulated to exceed FDA healthcare personnel handwash requirements with just 1.1 milliliters of product,³ PURELL Healthcare Advanced Hand Sanitizers outperform others ounce for ounce.⁵

Gentle on Skin

Enhanced with skin conditioners, all PURELL hand sanitizers are proven to help maintain skin health, even with high-frequency use.

Easily Accessible

We provide many dispensing options for easy access to hand hygiene in support of healthcare hand hygiene protocol.

Places, Help You Provide Better Care

PURELL® Healthcare Surface Disinfectant

PURELL Healthcare Surface Disinfectant is a revolutionary formulation, designed to accelerate the germ-killing power of alcohol, without the use of harsh chemicals.

Rapid Kill Time

30-second disinfection, including MRSA, VRE, and norovirus. One-minute kill time for pseudomonas aeruginosa, hepatitis A virus, and human coronavirus.†

Worry-Free Results

Our patented, fragrance-free formulation has the EPA's lowest allowable toxicity rating. It can be used around staff and patients, and even on food-contact surfaces like food trays.

Multi-Surface Formulation

Use for everyday disinfecting and cleaning of settings where C. diff kill is not required. Use on privacy curtains, MRI table straps, upholstered furniture, NICU/Pediatrics (Neonatal isolettes, toys), and food-contact areas, like overbed tables, trays, and breakrooms.

PURELL® Hand Sanitizing Wipes

The germ-fighting power of PURELL Hand Sanitizer, with the convenience and cleaning power of a wipe. Create a positive and lasting impression, and help empower patients to take an active role in the fight against the spread of germs.

Effective and Easy

Kills more than 99.99% of germs that may cause illness and removes light soils from hands.

Gentle on Hands

Durable wipes kill germs while gently cleaning hands. Fragrance and dye free.

Quick and Convenient

Choose from a variety of canister sizes and formats to fit your needs and help patients clean and sanitize their hands without leaving the bed. Choose from options for patient admission kits, bedside tables, and patient safety initiatives.

Breakthrough Healthcare Hand

For Peak Soap Performance, Formulation Matters

Selecting a well-formulated hand soap is foundational to good hand hygiene. PURELL® Healthcare HEALTHY SOAP® products are uniquely formulated to meet healthcare hand hygiene protocol while being gentle on skin, so they can be used frequently throughout the day.

A variety of soap formulations are available for healthcare facilities, including antimicrobials, non-antimicrobials, and our breakthrough new HEALTHY SOAP with CLEAN RELEASE® Technology.

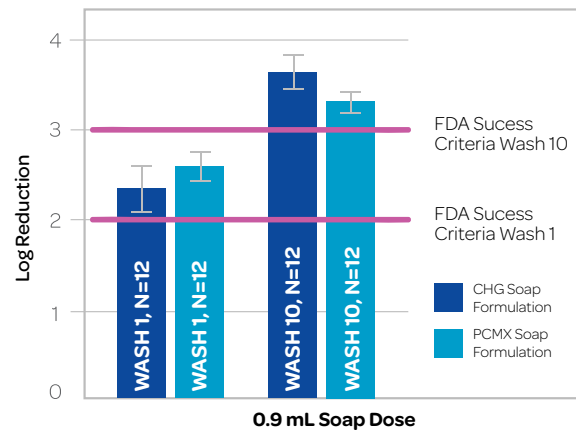

PURELL® Healthcare Foam Handwash with 2% CHG

Tough on germs but gentle on hands.

- Proven as mild as our top-selling non-antimicrobial soap⁶
- Meets FDA HCPHW requirements with a single dose*⁷
- Ideal for hospital-wide use
- Non-irritating, hypoallergenic, and dermatologist tested
- Also approved by the FDA for use as a surgical scrub

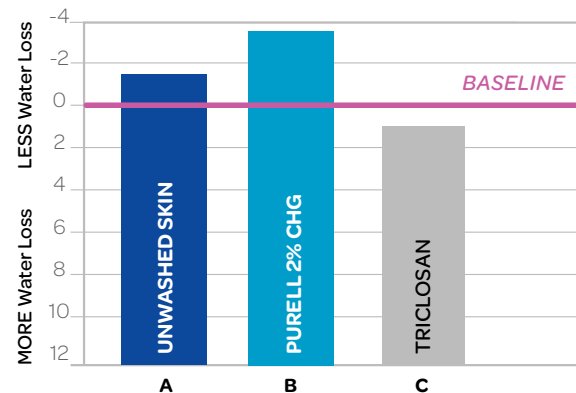

Meets HCPHW Requirements in a Single Dose⁷

ASTM 1174 – Healthcare Personnel Handwash (HCPHW) Testing Results

Less Water Loss = Healthier Skin⁶

Trans-epidermal water loss measures water loss vs. baseline

Soap Formulation Innovation

Removes More Soil and Germs than Regular Soap^{8,10**}:
PURELL® Healthcare CRT HEALTHY SOAP® High Performance Foam with CLEAN RELEASE® Technology

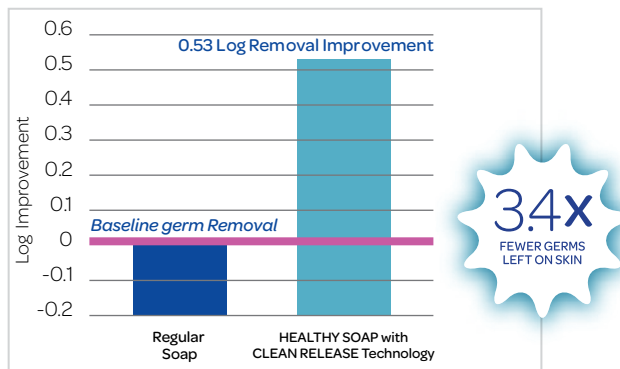

Healthy skin is cleaner skin. PURELL Healthcare HEALTHY SOAP with CLEAN RELEASE Technology sets a new standard for soap performance. This remarkably mild healthcare formulation is gentle on skin, contains no antimicrobial ingredients* or harsh preservatives, and removes more than 99% of soil and germs.^{8,10}

Scientific Breakthrough in Skin Health

GOJO scientists teamed with a leading dermatologist to identify the most common causes of severe skin irritation – harsh preservatives and antimicrobial ingredients. Formulated for dry and sensitive skin, hypoallergenic CLEAN RELEASE Technology soap is free of these ingredients, so it's better for skin.

Cleaner Ingredients	Free of harsh preservatives, antimicrobials,* parabens, and phthalates
Better Wash Experience	95% preferred over regular soap ¹¹

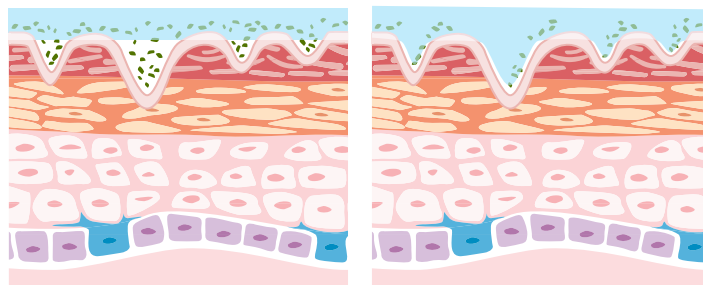

Germ Removal on Dry, Irritated Skin

A 0.53 log removal improvement on dry, irritated skin compared to regular soap.¹²

CLEAN RELEASE Technology Helps Soap Work Better

CLEAN RELEASE Technology boosts soap performance. Its novel surfactant system reaches deeper into skin's cracks and crevices to gently remove more soil and germs than regular soap.^{8,9}

Bio Soil Removal	Removes 31% more than regular soap ⁸
------------------	---

Regular Soap**

Can't get to tough-to-reach areas where soil and germs may hide.

CLEAN RELEASE Technology

Reaches into skin's cracks and crevices 2X better to lift and wash away more than 99% of soil and germs.^{8,10,15}

Better for You and the Environment

CLEAN RELEASE Technology soaps are made with naturally-derived ingredients, far exceeding the 64% USDA requirements. It rinses faster and cleaner to conserve water.

Biobased Content	90% biobased content ¹³
Water Conservation	Saves an average of 15,000 gallons per year in a 500-bed hospital ¹⁴

* Does not contain an antimicrobial soap active ingredient.

** All references to regular soap are based on our top-selling non-antimicrobial soap.

"With breakthrough formulation, GOJO has eliminated the leading causes of severe skin irritation."

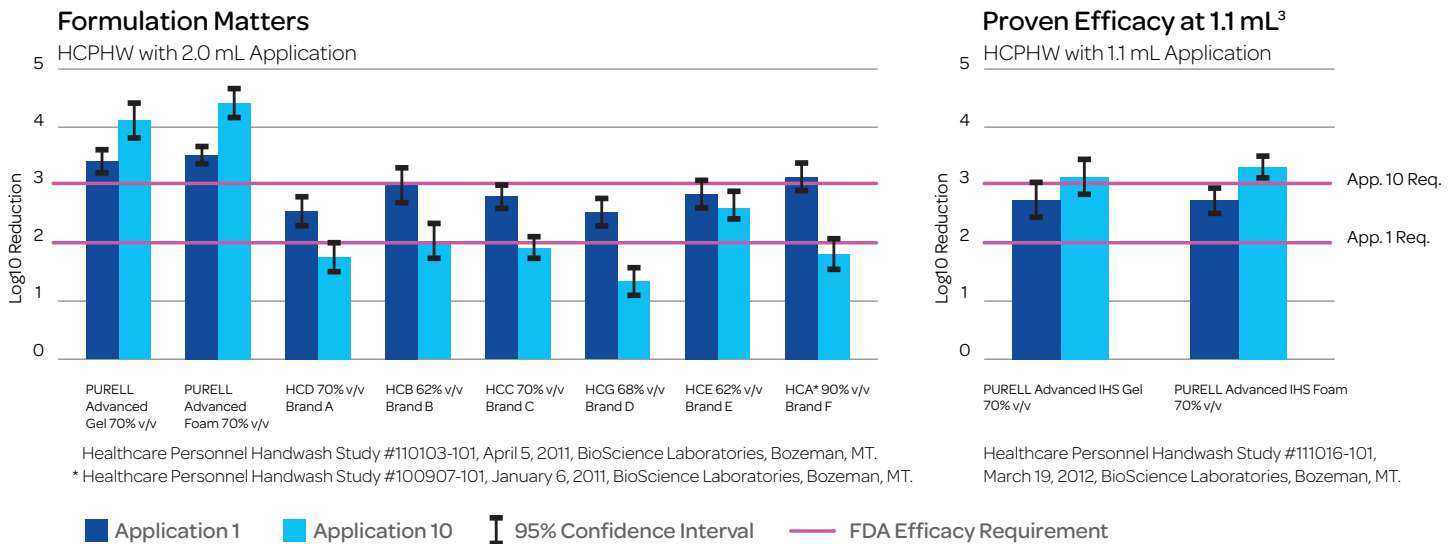

– Dr. Matthew Zirwas, M.D.,
 Board-certified dermatologist in occupational and contact dermatitis

Breakthrough Healthcare

Hand Sanitizer Formulations Exclusively for Healthcare

Formulated for the frequent use required in healthcare, PURELL® Healthcare Hand Sanitizers are proven effective, trusted, and gentle on skin. That's what makes them the preferred choice of healthcare workers for fighting germs.

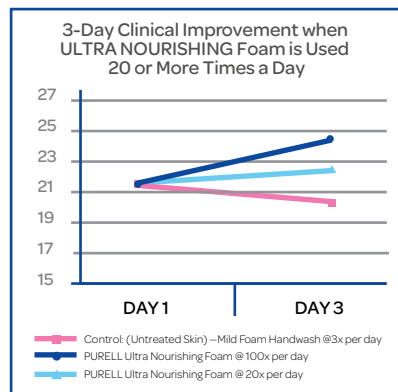

PURELL Healthcare Advanced hand sanitizers outperform others ounce for ounce¹⁶

PURELL Healthcare Advanced Hand Sanitizer ULTRA NOURISHING™ Foam

PURELL Healthcare Advanced Hand Sanitizer ULTRA NOURISHING Foam is clinically proven to improve skin condition in just 3 days.

- Kills more than 99.99% of most common germs that may cause illness in a healthcare setting
- Unique blend of moisturizers and antioxidants is clinically proven to improve skin health in just 3 days¹⁷

Hand Sanitizer Formulations

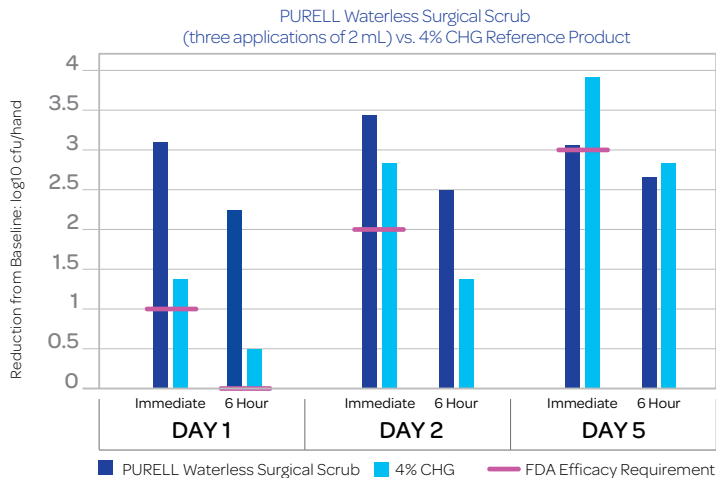

PURELL® Healthcare Waterless Surgical Scrub

Patented, specially formulated alcohol-based surgical scrub that provides the germ kill and persistent activity that's critical to the surgical environment while being gentle on skin.

- Gentle on skin while exceeding FDA and AORN surgical scrub requirements
- CHG-free formulation uses alcohol as the only active ingredient
- Requires only two applications and dries quickly
- Provides the germ kill and persistent activity critical to the surgical environment

Comparison of PURELL Waterless Surgical Scrub and Standard 4% CHG Handwash

Conducted at an independent third-party clinical laboratory, study #BSL#050716-102, March 23, 2006.

PURELL® Advanced Hand Sanitizer Single-Use Packs

A unique, convenient package provides PURELL Advanced Hand Sanitizer in a single 1.2 mL, efficacious application when and where you need it. It's perfect for healthcare workers who are on the move and simple for patients to use to help kill germs that may cause illness.

- Exceeds FDA Healthcare Personnel Handwash requirements
- Ideal for use at point of care and on the go
- SANITARY SEALED™ package can be included in sterile medical kits
- One-hand operation for ease of use during hospital procedures

Elegant Design Meets Maintenance Ease

Built on more than 70 years of dispenser engineering experience, new PURELL ES® hand hygiene systems are as durable and reliable as they are beautiful. Our AT-A-GLANCE™ refill design provides the easiest way to see when refills need to be changed. And with PURELL® products, it's easy for all to see your commitment to cleanliness and quality care.

PURELL® ES4
PUSH-STYLE

Durable and reliable push-style systems. Easy to maintain.

PURELL® ES6
TOUCH-FREE

Touch-free systems, built for reliable performance and maintenance ease.

PURELL® ES8
ENERGY-ON-THE-REFILL AND SMARTLINK™ CAPABILITY

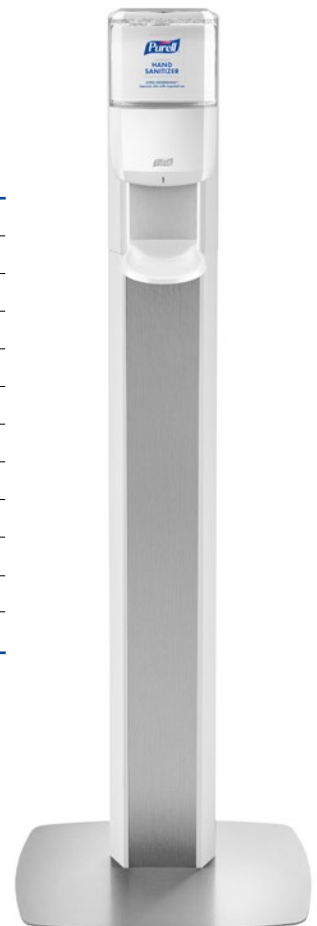

Touch-free with energy-on-the-refill, plus the ability to add compliance monitoring or service alert modules.

PURELL MESSENGER™ Floor Stands Fit Anywhere

PURELL MESSENGER Floor Stands provide the opportunity to put a hand sanitizing station anywhere it's needed. They are ideal for waiting rooms, hallways, and cafeterias. Stands may be personalized with your message on the front and back of the stand, and with a customizable sign on the stand header. For complete information on options for stands, accessories, signs, and personalization, visit PURELLSOLUTION.com/MESSENGER.

PURELL® ES8 Dispensing System:

When you choose new PURELL ES8 hand hygiene dispensers, not only are you getting America's most trusted hand hygiene products, but you're also getting a revolutionary dispenser design that addresses the two most common service issues – empty dispensers and worn-out batteries.

AT-A-GLANCE™ Refill Design

Monitor product levels with just one look. We make it quick and easy to see which dispensers need your attention, so they are always serviced and ready.

Breakthrough Energy-on-the-Refill Technology

Each new refill comes with its own energy source – a coin cell battery that's integrated into the refill. When you replace the empty refill, you get fresh product and fresh energy in one simple step. Back-up power inside the dispenser provides added assurance of high performance – even with extreme high-frequency use. No more batteries to change!

Built for Sustainable Performance

The PURELL ES8 system represents a 68% reduction in battery waste and a 15% reduction in greenhouse gas emissions, when compared to leading touch-free systems on the market.¹⁸

Battery Waste Over Dispenser Lifetime

Based on battery weight at a usage rate of 3 refills per dispenser, per year. Savings calculated based on a 6-year dispenser lifetime, compared to leading traditional touch-free systems.

Hand Hygiene That's Always Ready

Hand Hygiene Intelligence

Optional PURELLSMARTLINK™ plug-in modules let you add intelligent functionality to your dispenser. Track hand hygiene performance, get alerts when dispensers need service, or add other upgrades as technology evolves.

PURELL SMARTLINK modules enhance your ES8 dispensers with:

Activity Monitoring System

Electronic monitoring of hand hygiene performance at a group level.

Technology Partner Network

Leverage your existing infrastructure with RTLS companies and stand-alone hand hygiene monitoring systems to access hand hygiene performance and dispenser health data.

Service Alerts

Preventative maintenance system that sends alerts when product is low, dispensers need servicing, or expiration dates are near.

Visible Expiry Date

All PURELL healthcare products have an easy-to-see expiry date, right on the front of the bottle.

Recycling Made Easy

PET bottle and refill components are easy to disassemble. For complete recycling and disposal instructions, visit PURELLSOLUTION.com/ES8

Keep Up with Innovation

Designed to be upgradable as technology evolves, PURELL SMARTLINK modules keep your dispensers on the cutting edge of hand hygiene today and ready for future developments.
