

Berckmans Place Health and Safety Protocols

We are pleased to welcome back Berckmans Place patrons to the Masters. The health and safety of everyone on the grounds is Augusta National Golf Club's top priority. As we conduct this year's Tournament with limited attendance, it is our goal to provide a safe and secure environment for our patrons by implementing health and safety practices at the very highest level. Please carefully read the following protocols that will be in place at the 2021 Masters to mitigate the risk of COVID-19 transmission.

TESTING

All Berckmans Place patrons will be required to take two COVID-19 tests prior to arrival. It is critical that all guests clearly understand and adhere to these testing protocols.

WITHIN 72 HOURS

All Berckmans Place patrons must provide proof of a negative PCR or antigen COVID-19 test taken within 72 hours of their arrival to the Club, regardless of whether the patron has been vaccinated. Antibody test results will not be accepted. The patron will be required to present a paper copy of their negative results, along with their photo ID, at the entrance to the South Gate. Results must contain the patron's name and date of the test. Again, the date must be within 72 hours of the patron's first visit.

WITHIN 24 HOURS

As an additional precaution, 24 hours before attending the Masters, every Berckmans Place patron will be required to self-administer a BinaxNow COVID-19 Home Test. All tests with instructions will be provided to the Berckmans Place ticket holder of record. The patron will receive their results approximately 15 minutes after taking the test.

FACE COVERINGS

Face coverings will be required and must be properly worn both indoors and outdoors, unless patrons are actively eating or drinking. Neck gaiter masks are not permitted.

SOCIAL DISTANCING

Physical distancing of at least six feet and limiting contact with those outside your party is one of the best ways to protect yourself and others. We ask that all guests in attendance practice social distancing at all times and follow the measures in place at Berckmans Place facilities and throughout the grounds.

DINING

Seating has been adjusted in all Berckmans Place restaurants in accordance with state guidelines. We have also limited our capacity in Berckmans Place to promote social distancing. We will not offer any buffets in Berckmans Place. Every restaurant will serve a la carte breakfast and lunch. State and health department dining guidelines will be adhered to and closely monitored.

HAND HYGIENE

Frequent handwashing is advised. Hand-sanitizing stations are also available throughout the grounds. Avoid touching your face, high-contact surfaces and person-to-person physical contact.

COVID-19 SYMPTOMS & SELF-MONITORING

Please perform a self-assessment before arriving on property and throughout the day. For your safety and the safety of others, you should stay at home or exit the property if you are experiencing any of the following symptoms of COVID-19:

- Cough
- Shortness of breath
- Difficulty breathing
- Fever
- Chills
- Fatigue
- Muscle or body aches
- Headache
- Sore throat
- Nausea
- Congestion or runny nose
- Vomiting
- Diarrhea
- New loss of taste or smell

CONTACTLESS PAYMENT

All facilities at Augusta National Golf Club will be cashless. Credit card will be the only accepted method of payment at concession stands, merchandise shops and shipping locations.

COVID-19 is extremely contagious and, despite the measures Augusta National has implemented to help mitigate the risk of transmission, the elimination of risk of exposure and infection to COVID-19 is not currently possible. By entering onto the grounds of Augusta National, the patron assumes all risk of danger arising from attendance including, but not limited to, risks related to COVID-19.
